	Adopted as "Resource" material. Key Features: Using the National Council for Social Studies (NCSS) standards as guidelines, The A+LS Social Science curriculum develops the facet of students' knowledge that helps them understand who they are, where their ancestors came from, how they got where they are, and why current and past events are important to them. <i>Social Science is a subject area that promotes the use of both cooperative and exploratory learning. The detailed maps and charts dynamically illustrate key concepts. Additionally, these maps and diagrams can be printed for use in discussion and as take-home study guides for students.</i> Using the four step approach of A+LS (Study Guide, Practice Test, Mastery Test, and Essay) the curriculum follows the successfully proven tactic of introducing a concept, fully explaining it, and using examples to reinforce understanding of the concept.
